Artificial Turf Supply is pleased to announce the availability of our new lease/financing programs. We understand the substantial initial cost of an artificial grass project and have partnered with North Star Leasing Company to offer easy and affordable lease/financing programs quickly, and at low rates. This program allows businesses to get their turf project of tomorrow, completed today with little or no upfront costs.

Benefits of Turf Financing

- **Purchasing power**: Purchase all the turf you need to grow your business.
- **All-inclusive financing**: Turf costs, all associated sales tax and shipping fees are funded.
- **Protect your finances**: Lease payments have no impact on your bank credit lines so you can keep this available for other business needs like marketing & working capital. **Plus, a lease is not indicated as a liability on a financial statement.**
- **Fair Market Value (FMV) lease** means you may expense every penny of every payment.
- **Fast funding**: All documents are sent via DocuSign for speedy processing.
- **Section 179 tax code advantages**: This has been a great advantage to businesses for years. When it's combined with turf financing, it can save you thousands and increase cash flow.
- **No penalty for early payoff.**

Keeping it Simple

- **Online App**
- **Approved in 2-4 hours**
- **E-Signed Docs**
- **Turf Received**

**Easy. Fast. Efficient.**
