# Artificial Turf Supply

## Infill That's Safe For Your Family + The Environment. Revolutionary Infill.

"I recently became an empty-nester and needed to upgrade my backyard after years of soccer practice and kids birthday parties. ATS completely transformed my backyard into a permanent staycation. Can't wait to soak up the sun!"

- Homeowner

OptiFILL+ is a revolutionary, advanced infill option to make your artificial turf look and feel great. OptiFILL+'s innovative coating is designed to enhance durability, making your lawn withstand the test of time.

### ENVIRONMENTALLY RESPONSIBLE

- Safe for the Environment, OptiFILL+ is manufactured with an Eco-friendly VOC-free coating.

### HYGIENIC AND LOW MAINTENANCE

- Antimicrobial protection prevents the growth of bacteria, fungi and mold, keeping your turf clean and disinfected. Free of all Phthalates, Lead, Heavy Metals, OptiFILL+ is both non-flammable and non-toxic.

### DURABLE + REUSABLE

- OptiFILL+'s innovative coating is designed to enhance durability to ensure longevity. When your turf eventually needs to be replaced, OptiFILL+ has the potential to be reused.

### INNOVATIVE INFILL SOLUTIONS

- OptiFILL+ is UV and weathering resistant to keep your turf looking fresh no matter the conditions. With optimized draining technology, OptiFILL+ improves the drainage of your turf through tough weather conditions.
